Some or all of these factors may influence the price that Noteholders will receive if they choose to sell their Notes prior to maturity. The impact of any of the factors set forth above may enhance or offset some or all of any change resulting from another factor or factors.

GENERAL INFORMATION

The following documents of IBRD are incorporated by reference in these Final Terms: (i) Global Debt Issuance Facility Prospectus dated May 28, 2008 (the “**Prospectus**”); (ii) IBRD’s most recent Information Statement dated September 22, 2016, and (iii) IBRD’s Quarterly Financial Statements (unaudited) dated September 30, 2016. These documents have been filed with the U.S. Securities and Exchange Commission (“**SEC**”) and are available on the SEC’s website as well as on the following website of IBRD: <http://treasury.worldbank.org/cmd/htm/index.html>. Alternatively, to obtain copies of these documents, contact one of the Authorized Offerors (as defined below) or your financial advisor.

During the Offer Period the Notes will be offered to investors in Italy as more fully described below under “TERMS AND CONDITIONS OF THE PUBLIC OFFER”.

CONFLICT OF INTEREST

The Authorised Offerors will receive an upfront commission for the distribution investment service performed in the context of the offer. Further to any such appointment, the distribution commission, received by the Authorised Offerors will create possible conflicts of interest.

No fees will be paid by the Issuer to intermediaries performing the investment services of the collection and transmission of orders or of the mere execution of orders in the context of the distribution of the Notes during the Offer Period and directly or indirectly connected to the MOT through which investors will apply for the Notes.

The Dealer has undertaken to subscribe for a minimum amount of Notes equal to NZD 2,000,000 under the Terms Agreement – entered into on January 16, 2017 by the Dealer and the Issuer (the “**Terms Agreement**”) – irrespective of the outcome of the offer of the Notes.

In addition, the Dealer will be IBRD's counterparty in a related swap transaction entered into by IBRD in order to hedge its obligations under the Notes. The existence of such multiple roles and responsibilities for the Dealer creates possible conflicts of interest. All amounts payable under the related swap transaction are expected, as of the Issue Date, to be calculated on the same basis as the amounts payable by IBRD under the Notes. The Noteholder understands that although IBRD will enter into the related swap transaction with the Dealer as swap counterparty in order to hedge its obligations under the Notes, IBRD’s rights and obligations under the related swap transaction will be independent of its rights and obligations under the Notes, and Noteholders will have no interest in the related swap transaction or any payment to which IBRD may be entitled thereunder.

TERMS AND CONDITIONS OF THE PUBLIC OFFER

The Issuer has agreed to allow the use of these Final Terms and the Prospectus by the Dealer and by any entities appointed as distributors by the Dealer (the “**Authorised Offerors**”) in connection with an offering of the Notes in Italy (the “**Public Offer Jurisdiction**”) during the Offer Period (as defined below). The list of the Authorised Offerors (if any) will be published on the following website: www.obbligazionisostenibili.org.

The offer of the Notes is conducted in Italy only and is addressed to the public at large.

On the Issue Date, the Notes will be subscribed for by the Dealer acting as principal and then assigned to prospective investors in the context of the offer of the Notes.

The Dealer has undertaken to subscribe for a minimum amount of Notes equal to NZD 2,000,000 under the Terms Agreement irrespective of the outcome of the offer of the Notes, save in the case of withdrawal of the offer and cancellation of the issuance of the Notes as provided for by paragraph (iii) below. No undertakings will be made by the Authorised Offerors (if any) or has been made by any third parties to guarantee the outcome of the offer of the Notes in connection of any minimum amount of the Notes.

All offers of Notes will be made only in accordance with the selling restrictions set forth in the Prospectus and the provisions of these Final Terms and in compliance with all applicable laws and regulations, provided that no such offer of Notes shall require the Issuer or the Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive (or supplement a prospectus pursuant to Article 16 of the Prospectus Directive) or to take any other action in any jurisdiction other than as listed above.

inadvisable to proceed with completion of the distribution or the payment for the Notes, will have occurred. The Issuer will inform the public of the withdrawal of the Offer and the cancellation of the issuance of the Notes by means of a notice to be sent to Borsa Italiana S.p.A. and published on the website www.obbligazionisostenibili.org.

- Investors may also submit their applications to participate in the offer of the Notes through parties authorised to perform individual investment portfolio management services pursuant to Italian Financial Services Act and through intermediaries authorised to receive and transmit orders, pursuant to the Italian Financial Services Act, at the conditions provided for by CONSOB regulations from time to time applicable.

ANNEX

This Annex is to be read in conjunction with and forms part of the Prospectus and the Final Terms. Although there is no legal obligation whatsoever, under any applicable law, for the Issuer or the Dealer to provide you with such information as mentioned herein, this Annex is meant to answer some practical questions that you might have regarding the Notes in general terms only. It does not contain all the information which may be important to you. You should read the terms and conditions of the Notes included in the Prospectus and the Final Terms together with the more detailed information contained in the remainder of the Prospectus. You should carefully consider, amongst other things, the risks set out in the Prospectus and in the Final Terms. In addition, we urge you to consult with your investment, legal, accounting, tax and other advisors with respect to any investment in the Notes. The information contained in this section is subject in its entirety to the terms and conditions of the Notes included in the Prospectus and the Final Terms.

What are the Notes?

The Notes are debt securities issued by the International Bank for Reconstruction and Development (the "**Issuer**"). At maturity, the Notes entitle the Noteholder to receive from the Issuer the Final Redemption Amount of NZD 2,000 per Calculation Amount plus the Fixed Coupon Amount with respect to the Maturity Date. In addition, the Noteholder will receive the Fixed Coupon Amount of NZD 18.00 per Calculation Amount quarterly during the term of the Notes. All payments on the Notes are subject to the Issuer's credit risk (insolvency or payment default of the Issuer) and potential foreign exchange risk if the Noteholder converts the payout (coupons and nominal amount) it receives in NZD into Euro or any other currency.

Where does my money go?

The net proceeds from the sale of the Notes will be used by IBRD in its general operations in order to provide financing, risk management products, other financial services, access to experts and a pool of knowledge in development-related disciplines to the governments of IBRD's borrowing members so that they can achieve equitable and sustainable economic growth in their national economies. Projects supported by IBRD undergo a rigorous review and approval process aimed at safeguarding equitable and sustainable economic growth, including early screening to identify environmental and social impacts and designing concrete mitigation actions. IBRD integrates five cross cutting themes into its activities helping its borrowing members create sustainable development solutions: climate change; gender; jobs; public-private partnerships; and fragility, conflict and violence.

Will I receive income?

Yes, the Noteholder will receive the Fixed Coupon Amount of NZD 18.00 per Calculation Amount quarterly during the term of the Notes.

Can I redeem early?

No. There is no provision in the Notes for a Noteholder's early redemption right. However, application will be made for the Notes to be admitted to listing and to trading on the *Mercato Telematico delle Obbligazioni* (MOT), EuroMOT segment, organised and managed by Borsa Italiana S.p.A. and BNP Paribas has informed the Issuer that, except in the case of exceptional market circumstances, it will, on a best efforts basis, endeavour to make a secondary market during open business hours. Also, a brokerage fee may be applied by any financial intermediary involved. The Noteholders are invited to check with its financial intermediary if brokerage fees apply.

Can the Notes be redeemed early by the Issuer?

No. There is no provision in the Notes for the Issuer's early redemption right.

What are the fees?

The investors will purchase the Notes at an Offer Price of 100%. This price includes, per Specified Denomination of NZD 2,000, an upfront commission for the distribution and promotion of the Notes paid upfront by the Dealer to the Authorised Offerors (i.e., the distributors), equal to a maximum amount of 2.50% (including VAT, if any) of the NZD 2,000 Specified Denomination of the Notes distributed by each Authorised Offeror.

How will the fees impact my investment?

The fees retained by the Authorised Offerors will not affect the amounts due in accordance with the terms and conditions of the Notes.

What is the Issuer's credit rating?

The Issuer's long-term senior debt rating is, as at the date hereof, Aaa (Moody's Investor Services) and AAA (S&P). Investors should note, however, that the ratings may not reflect the potential impact of all risks related to structure, market and other factors that may affect the value of the Notes. A credit rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by the rating agency at any time.

What are some of the risks in owning the Notes?

Investing in the Notes involves a number of risks. We have described the most significant risks relating to the Notes in the Prospectus (under the heading "Risk Factors" at page 14 and following) and the Final Terms (under Term 23 "Additional Risk Factors" under the heading "General provisions applicable to the Notes").

Is there Currency Risk?

Since the Notes are issued in NZD, you incur a foreign exchange risk if you decide to convert the coupon payments and the principal amount into another currency (e.g. euro). Indeed, such returns when so converted will be affected, not only by the amount of the coupon and principal, but also by the evolution of the NZD against the relevant currency. If, upon maturity, the NZD has depreciated against such currency, the final return in such currency will be lower. Conversely, an appreciation of the NZD will have the opposite impact.

Are the Notes a suitable and appropriate investment for me?

The Notes can only be offered to the investors by the Authorised Offerors if they are appropriate and - if necessary, in light of the investment services provided by the Authorised Offeror to the relevant investor - suitable for the investors.

Should an investor decide to invest in the Notes, without getting any advice from its bank, its bank should in any case warn him/her if the Notes are not appropriate or, if necessary according to applicable laws and regulations, suitable for him/her.

Will I always be able to sell my Notes in a secondary market prior to the Maturity Date?

There is no assurance as to the development or liquidity of any trading market for the Notes. Therefore, investors may not be able to sell their Notes easily or at prices that would provide them with a yield comparable to similar investments that have a developed secondary market. However, application will be made by the Dealer for the Notes to be admitted to listing and to trading on the *Mercato Telematico delle Obbligazioni* (MOT), EuroMOT segment, organised and managed by Borsa Italiana S.p.A. and BNP Paribas has informed the Issuer that, except in the case of exceptional market circumstances, it will, on a best efforts basis, endeavour to make a secondary market during open business hours. Also, a brokerage fee may be applied by any financial intermediary involved. The Noteholders are invited to check with its financial intermediary if brokerage fees apply.

Are there any taxes payable by me in relation to the Notes?

The Schedule contains a summary with regard to certain tax aspects which are of significance in connection with the Notes for certain jurisdictions. This summary does not purport to exhaustively describe all possible tax aspects and does not deal with specific situations which may be of relevance for individual potential investors. It is recommended that potential purchasers of the Notes consult with their legal and tax advisors as to the tax consequences of the purchase, holding or sale of the Notes under the tax laws of the country of which they are resident for tax purposes.

Where and in which form are the Notes held?

The Notes will initially be held by Euroclear Bank N.V./S.A. and Clearstream Banking S.A. (the "Clearing Systems") in the form of a global certificate which will be exchangeable for definitive securities only in the exceptional circumstances described in the Prospectus. For as long as any Notes are held by the Clearing Systems, payments of the coupon and principal will be made through the

Clearing Systems. Investors must therefore rely on the Clearing System to distribute all payments attributable to the Notes which are received from the Issuer. Accordingly, investors will be exposed to the credit risk of, and default risk in respect of, the Clearing Systems, as well as the Issuer. Investors should note that neither the Issuer nor the Registrar (Citibank, N.A., London Branch) shall be responsible for the acts or omissions of the Clearing Systems. Furthermore, investors should be aware of the fact that the Clearing Systems may charge fees for the opening and operation of an investment account, transfers of Notes, custody services and on payments of interest, principal and other amounts or delivery of notes. Potential investors are therefore advised to investigate the basis on which any such fees will be charged on the Notes.

ITALIAN TAXATION

Income Tax

Under the current legislation, pursuant to the provisions of Legislative Decree No. 239 of 1 April 1996, as amended and restated (**Law 239**), payments of interest and other proceeds in respect of the Notes:

- (i) will be subject to *imposta sostitutiva* at the rate of 12.5 per cent. in the Republic of Italy levied as final tax if made to beneficial owners who are: (i) individuals resident in the Republic of Italy for tax purposes; (ii) Italian resident non-commercial partnerships; (iii) Italian resident public and private entities, other than companies, not carrying out commercial activities as their exclusive or principal purpose (including the Italian State and public entities); and (iv) Italian resident entities exempt from corporate income tax.

Payments of interest and other proceeds in respect of the Notes will not be included in the general taxable base of the above mentioned individuals, partnerships and entities.

The *imposta sostitutiva* will be levied by the Italian resident qualified financial intermediaries that will intervene, in any way, in the collection of interest and other proceeds on the Notes or in the transfer of the Notes;

- (ii) will be subject to *imposta sostitutiva* at the rate of 12.5 per cent in the Republic of Italy levied as provisional tax if made to beneficial owners who are: (i) individuals resident in the Republic of Italy for tax purposes; (ii) Italian resident non-commercial partnerships; and (iii) Italian resident public and private entities, other than companies; any of them engaged in an entrepreneurial activity – to the extent permitted by law – to which the Notes are connected;
- (iii) will not be subject to the *imposta sostitutiva* if made to beneficial owners who are: (i) Italian resident corporations, commercial partnerships or permanent establishments in Italy of non-resident corporations to which the Notes are effectively connected; (ii) Italian resident collective investment funds, SICAVs, Italian resident pension funds referred to in Legislative Decree No. 124 of 21 April 1993, as further superseded by Legislative Decree 5 December 2005, No. 252 and Italian resident real estate investment funds established pursuant to article 37 of Legislative Decree No. 58 of February 24, 1998 and article 14-bis of law No. 86 of January 25, 1994; (iii) Italian resident individuals who have entrusted the management of their financial assets, including the Notes, to an Italian authorised financial intermediary and have opted for the so-called *risparmio gestito* regime according to Article 7 of Legislative Decree No. 461 of 21 November 1997 - the “Asset Management Option” and (iv), non-Italian resident with no

permanent establishment in Italy to which the Notes are effectively connected, the exemption applies provided that the non-Italian investor promptly file with the authorized financial intermediary an appropriate *affidavit (autodichiarazione)* stating that the investor is not resident in Italy for tax purposes.

Interest and other proceeds accrued on the Notes held by Italian resident corporations, commercial partnerships, individual entrepreneurs as well as Italian resident public and private entities, other than companies, holding Notes in connection with entrepreneurial activities or permanent establishments in Italy of non-resident corporations to which the Notes are effectively connected, are included in the taxable base for the purposes of: (i) corporate income tax (*imposta sul reddito delle società, IRES*); or (ii) individual income tax (*imposta sul reddito delle persone fisiche, IRPEF*) plus local surtaxes, if applicable; under certain circumstances, such interest is included in the taxable basis of the regional tax on productive activities (*imposta regionale sulle attività produttive, IRAP*).

If holders of Notes subject to such final tax hold the Notes through an authorised intermediary in Italy having asset management power over such Notes, such holders may opt to pay a final 26 per cent. tax levied by the intermediary on all interest, other payments and gains deriving from such management on an annual basis ("managed savings option"). However, in such case, interest, other payments and gains arising from the Notes will be taxable for a portion equal to 48.08 per cent. only. If holders of Notes subject to such substitute tax on account of income taxes hold Notes through such an assets manager, interest, other payments and gains will be taxed as part of their overall income.

If interests are paid outside of Italy by an entity other than an authorised intermediary in Italy to residents of Italy who would otherwise be subject to the above 12.5 per cent. final tax, holders of Notes must include the payments received in their income tax return and the payments shall be subject to a different substitute tax at a 12.5 per cent. rate or, at the holders' option, to income taxes at the applicable rates to their overall income with a tax credit for taxes paid abroad.

If the Notes are held by an Italian pension fund and are deposited with an authorised intermediary, interest, premium and other income relating to the Notes and accrued during the holding period will not be subject to the substitute tax, but must be included in the result of the relevant portfolio accrued at the end of the tax period for an amount of 62.5 per cent., to be subject to a 20 per cent. substitute tax.

If the Notes are held by an Italian authorised investment fund (*organismi di investimento collettivo del risparmio – O.I.C.R.*) or a SICAV (*società di investimento a capitale variabile*) investing in securities and are deposited with an authorised intermediary, interest, premium and other income relating to the Notes and accrued during the holding period will not be subject to the substitute tax.

If the Notes are held by an Italian real estate investment fund (*fondi immobiliari*) or a SICAF (*società di investimento a capitale fisso*) investing and are deposited with an authorised intermediary, interest, premium and other income relating to the Notes and accrued during the holding period will not be subject to the substitute tax.

Capital gains

Any capital gain realised upon the sale for consideration or redemption of Notes would be treated for the purpose of corporate income tax and of individual income tax as part of the taxable business income of Noteholders (and, in certain cases, depending on the status of the Noteholders, may also be included in the taxable basis of IRAP), and therefore subject to tax in Italy according to the relevant tax provisions, if derived by Noteholders who are:

- (a) Italian resident corporations;
- (b) Italian resident commercial partnerships;
- (c) permanent establishments in Italy of foreign corporations to which the Notes are effectively connected; or

- (d) Italian resident individuals carrying out a commercial activity, as to any capital gains realised within the scope of their commercial activity.

Gains realised on the disposal or redemption of Notes by residents of Italy who are individuals not acting in a business capacity or by non-business partnerships and similar organisations will be subject to a final capital gains tax currently at the rate of 12.5 per cent. The tax applies to all gains and losses realised in the relevant year and losses may be carried forward to the subsequent four years. Said holders of Notes may opt to pay capital gains tax declaring the gains in their annual income tax return or, if the Notes are deposited with an authorised intermediary in Italy, authorising the intermediary to levy the said capital gains tax ("administered savings option"). If they have elected the managed savings option, a portion equal to 48.08 per cent. of the gains arising from the Notes will be subject to the tax applicable thereto. Instead, gains realised by residents of Italy who are individuals acting in a business capacity, partnerships, limited partnerships, corporations or permanent establishments of foreign corporations shall be subject to income or corporation taxes as part of the overall business income (and, in certain cases, may also be included in the taxable net value of production for IRAP purposes).

Gains realised by investment funds (*organismi di investimento collettivo del risparmio* – O.I.C.R.) or SICAVs (*società di investimento a capitale variabile*) will be included in the result of the portfolio accrued at the end of the tax period. The fund will not be subject to taxation on such results.

Gains realised by Italian real estate investment funds (complying with the definition as amended pursuant to Law Decree No. 78 of 31 May 2010, converted into Law No. 122 of 30 July 2010) or SICAFs, to which the provisions of Law Decree No. 351 of 25 September 2001, as subsequently amended, apply, are subject neither to capital gains tax nor to any other income tax in the hands of the real estate fund or SICAF.

Gains realised by Italian pension funds will be included in the result of the relevant portfolio accrued at the end of the tax period for an amount of 62.5 per cent., to be subject to a 20 per cent. substitute tax.

Pursuant to Article 23 of Presidential Decree of 22 December 1986, No. 917, any capital gains realised, by non-Italian residents without a permanent establishment in Italy to which the Notes are effectively connected, through the sale for consideration or redemption of Notes are exempt from taxation in Italy to the extent that the Notes are listed on a regulated market in Italy or abroad and in certain cases subject to filing of required documentation, even if the Notes are held in Italy. The exemption applies provided that the non-Italian investor promptly file with the authorized financial intermediary an appropriate affidavit (*autodichiarazione*) stating that the investor is not resident in Italy for tax purposes.

The Notes are excluded from the tax base of the Italian inheritance tax according to article 12 of Legislative Decree 346/1990 and Article 12, paragraph 13-*bis* of Legislative Decree 461/1997.

EU DIRECTIVE ON THE TAXATION OF SAVINGS INCOME

On 3 June 2003, the Council of the European Union adopted the EU Directive No. 2003/48/EC regarding the taxation of savings income (the "European Savings Directive"). According to the European Savings Directive, each member State of the European Union (a **Member State**) is required to provide to the Tax Authorities of other States of the European Union details of the interest payments by a person within its jurisdiction to individual resident in that other State. However, for a transitional period, Austria may instead apply a withholding system in relation to such payments, deducting tax at rates rising over time to 35%.

In any case, the transitional period is to terminate at the end of the first full tax year following agreement by certain non-EU countries to the exchange of information relating to such payments.

A number of non-EU countries, including Switzerland and certain dependent or associated territories of certain Member States, have agreed to adopt similar measures (either provision of information or transitional withholding) in relation to payments made by a paying agent within its jurisdiction to, or collected by such a paying agent for an individual resident or certain limited types of entity established in a Member State. In addition, the Member States have entered into provision of information or

transitional withholding arrangements with certain of those dependent or associated territories in relation to payments made by a paying agent in a Member State to, or collected by such a paying agent for an individual resident or certain limited types of entity established in one of those territories.

The Council of the European Union formally adopted a Council Directive amending the Directive on 24 March 2014 (the **Amending Directive**). The Amending Directive broadens the scope of the requirements described above and requires Member States to adopt the national legislation necessary to comply with the Amending Directive by 1 January 2016. The changes made under the Amending Directive extend the scope of the Directive to payments made to, or collected for, certain other entities and legal arrangements. They also broaden the definition of "interest payment" to cover income that is equivalent to interest.

However, on 10 November 2015, the Council of the European Union approved the Council Directive 2015/2060/EU (published in the Official Journal of the EU on 18 November 2015) which has repealed the EU Savings Directive with effect from 1st January 2017 in the case of Austria and from 1 January 2016 in the case of all other Member States. The repeal of the Savings Directive is needed in order to prevent overlap between the EU Savings Directive and a new automatic exchange of information regime to be implemented under Council Directive No. 2011/16/EU on Administrative Cooperation in the field of Taxation (as amended by Council Directive No. 2014/107/EU) and to save costs both for tax authorities and economic operators.

Italy has implemented the European Savings Directive through Legislative Decree No. 84 of 18 April 2005 (the **Decree No. 84**). Under Decree No. 84, subject to a number of important conditions being met, in the case of interest paid starting from 1 July 2005 (including the case of interest accrued on the Certificates at the time of their disposal) to individuals which qualify as beneficial owners of the interest payment and are resident for tax purposes in another Member State or in certain associated territories of Member States, Italian paying agents (*i.e.*, banks, investment firms (*società di intermediazione mobiliare* – *SIM*), fiduciary companies, Italian management company (*società di gestione del risparmio* – *SGR*) resident for tax purposes in Italy, permanent establishments in Italy of non-resident persons and any other economic operator resident for tax purposes in Italy paying interest for professional or commercial reasons) shall report to the Italian tax authorities details of the relevant payments and personal information on the individual beneficial owner. Such information is transmitted by the Italian Tax Authorities to the competent foreign tax authorities of the State of residence of the beneficial owner. In certain circumstances, the same reporting requirements must be complied with also in respect of interest paid to an entity established in another Member State, other than legal persons (with the exception of certain Finnish and Swedish entities), whose profits are taxed under general arrangements for business taxation and, in certain circumstance, undertakings for collective investments in transferable securities (UCITS).
